Print entire issue Web Magazine

Adoptive parents feel that it is the ties of love that make a family, not the ties of blood In addition to love, successful adoptive parents give much thought to sensitively guiding their child and dealing with issues of difference Thoughtful decisions and unconditional commitment are two common

features of skilled parenting

GENETIC TIES: ARE THEY MORALLY BINDING?

this paper Is blood really thicker than water? Does the passing on of genes (begetting) define who is a mother or father (in the moral sense) and who acquires parental duties and privileges? Does the sperm donor's genetic tie to Patrick generate moral ties to the boy or, as argued by Patrick's mothers, is parenting a matter of what is
